

# ZERO

• ZerO is the new half hidden shelf support by PERMO, the only one that guarantees the shelf locking, due to the supports and the dowels.

FURNITURE FITTINGS

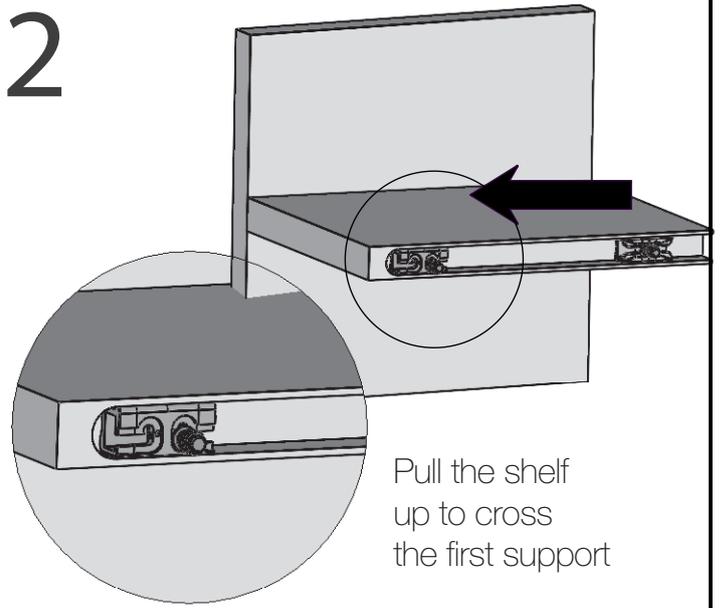

1 2

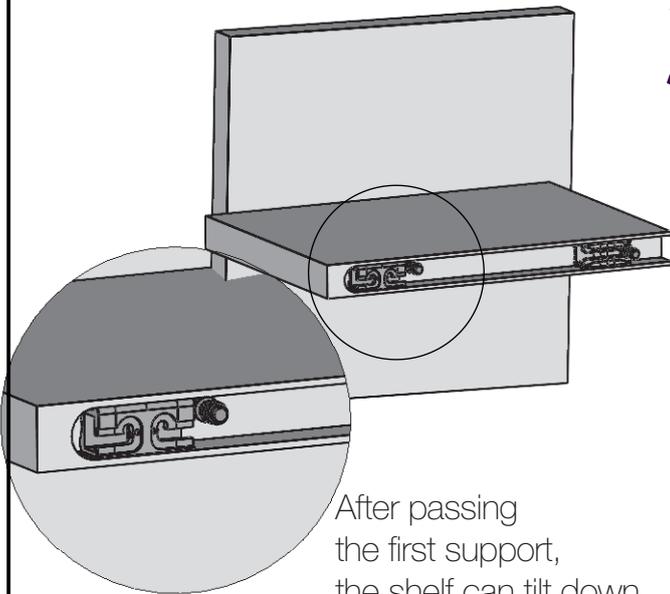

Lift the front of the shelf to unlock

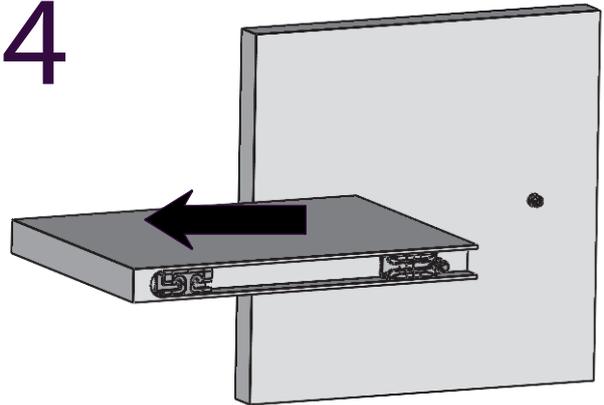

Pull the shelf up to cross the first support

3 4

After passing the first support, the shelf can tilt down

Continue to pull the shelf, it will meet resistance in the crossing of the second series of support, after which it will pull out completely
